## Senior Year (4<sup>th</sup> Year) – Hospital-Based Clinical Rotation<sup>3</sup>

Credits

**Hospital-based Clinical Rotation, which is approved by the American Society of Clinical Pathologists (ASCP), consisting of the following:**  
Clinical Chemistry, Hematology, Immunology, Microbiology, Phlebotomy, Transfusion Medicine, Renal Analysis

**30 - 36**

**Total Credits Required for Graduation = 127 - 135**

### NOTES:

\*\*A CLS major is strongly encouraged to take MATH 125 as a Free Elective.

\*\*\* Students are encouraged to take some Core courses during the summer months to help "lighten" their course load during a semester.

<sup>1</sup>Choose one course from each of the Core Requirements listed on the reverse side.

<sup>2</sup>Course may satisfy both a Major and a Core requirement. MATH 128 satisfies the Quantitative Reasoning Core requirement; BIOL 113 and CHEM 113 satisfies the Scientific Endeavor and Science in Context Core requirements.

<sup>3</sup>A student must complete the CORE and all required sequences at King's College (90 credits in three years) before being eligible to enter the Hospital-based internship (fourth year).

<sup>PR</sup> Course has a prerequisite – check college catalog.
